

Stow - Munroe Falls Chamber Partnership

For over 18 years, SummaCare and the Greater Akron Chamber and their affiliates have partnered to save local businesses over \$25 million on health insurance premiums. Those savings are used by companies to grow their bottom line and boost our local economy.

SummaCare is pleased to continue to offer members the maximum allowable discount of 1.4% on your health insurance premiums.

Companies of any size can take advantage of the discount by joining now. SummaCare also offers savings through the Affiliate Partner Chambers, so your business may be eligible for discounts already. **We are the only health insurance option offering a discount through the Greater Akron Chamber for employers of 50 or fewer employees.**
